Legal Aid Manitoba – Meal Per Diems

Prior authorization is required for all per diem amounts.
No receipt is required when claiming the standard per diem rates.

Counsel seeking reimbursement for breakfast or dinner when not travelling over night should provide an explanation of when they left or arrived back at their home base. Home base is defined as the primary office location / community from which counsel is paid travel time and mileage unless they have been authorized for a different starting point.

The incidental per diem is applicable for over night travel only.

Please select the date range that coincides with your dates of travel. Note: out of province rates do not always change at the same time as provincial rates.

Date Range / Region		**Breakfast**	**Lunch**	**Dinner**	**Incidental**
